

*Signature* is made from 100% Cabernet Sauvignon grapes. Limited in production, only seven barrels were chosen for the final blend.

*It is a big, bold wine, which is only appropriate since it was created with the noble Cabernet Sauvignon grape. This wine is primarily comprised of Cerro Prieto Vineyard in Paso Robles with a touch of Chelle Mountain blended in. All the barrels of these two wines were hand picked to create a well-constructed wine with balance, power and elegance.*

*This wine is a very rich color of claret. With a slight swirl you will notice the weight of the wine and its velvety appearance. With nearly 50% of this wine aged in new oak it has a sweet vanilla aroma with toast levels enhancing a spicy cinnamon quality that is a perfect compliment to a blackberry medley. Aged over 18 months in oak gives the wine a feeling of old wine yet still being very youthful, I believe that this wine will be one of the greatest to come from the cellars of Byington.*
