

# COLLECTOR'S RED

**Appellation:** Hastings Ranch  
Paso Robles

**Cases Produced:** 100 Cases

The Hastings Ranch Pinot Noir vines sit amongst the highest elevation vineyards in the Adelaida area of Paso Robles. The small acreage Pinot Noir grapes are farmed to produce super premium fruit. Paso Robles, which is not known for its Pinot Noir production, does bring certain boldness to the wine that is special and unique.

This wine has big jammy fruit, ample spice, and a caramely oak finish. Intense, is the first adjective that comes to mind after tasting this wine. The Pinot Noir develops rather quickly in the glass to hold your attention throughout the experience and leaves you satisfied. Even though this red is lighter in style, it has the ability to age well for a future occasion or celebration.
